PORTAL

One day
in the
life of
Weaver

In "One Day in the life of Weaver" we are trying to portray the four years of our high school life in one book. Although we might miss some major events, we are trying to capture the essence of our educational experiences. Every day busses arrive bringing students with unique personalities, mixed emotions, different ambitions, yet all are unified in that they are a part of the Weaver family. This book represents a day in that family's life.

We got our inspiration from a Special Edition of "Life" magazine "One day in the life of America". Any similarity to the original is purely intentional. Now we invite you to spend a day with us.

And many of these are Weaver graduates. They'll tell you about the wide variety of well-paying jobs awaiting you at the big building on Farmington Avenue. About the job training for those without experience. And about the liberal time off with pay each year.

Ætna Life & Casualty has close ties with Weaver. And Weaver graduates think Ætna is a nice place to work. You will, too. Stop in and see us at our Employment Office across from the Cathedral. An equal opportunity employer.

You get action with **Ætna**

Jim is on his way. You can be, too.

Airman James Rush is a Plane Captain... a vital part of the Navy's air-sea team. He gets on-the-job training as well as classroom work. And Jim gets paid while he learns. The Navy has over 70 career fields that could open up a career in the future, in the Navy or out. First get your high school diploma to better qualify. Then you have to study and work hard... and be willing to do your share of the chores. But if you want the chance to put it all together, the Navy is a good place to start.
